

# 2023 FAA DATA CHALLENGE

DRIVING INNOVATION THROUGH DATA

## 2023 FAA Data Challenge Forum Travel Information to MITRE

**Forum Location:** MITRE's McLean campus, Building 4

[7594 Colshire Drive McLean, VA 22102](#)

The Forum will be held in MITRE's Building 4 Auditorium. You may park in the parking garage below MITRE 4. After crossing Chain Bridge Rd., take the first left driveway to enter the parking lot to the building (before the roundabout). The garage will be below. Then take the elevator up to the lobby floor and the Reception Desk (where you get your visitor badges) will be immediately in front of you.

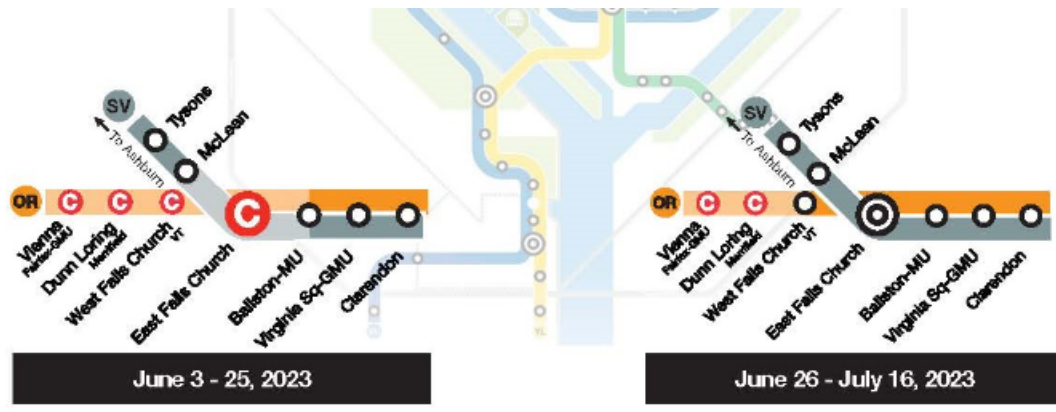

- Note: Many of our teams and visitors will be arriving at the same time, so please be polite and respect those who are working nearby. The registration desk has everyone's names and the process should go smoothly. They will need to see a government-issued ID (i.e., driver's license) to verify identification (COVID-19 vaccination cards are no longer required). All visitors will need to be escorted around the MITRE campus, so please stay with your tour groups and organized parties.
- If, for some reason, the parking garage is full, there is additional parking on the MITRE campus. Watch for directional signage.

### Nearest Airports:

1. Dulles International Airport (IAD)
  - 30-40 Minute Metro ride to MITRE Campus *\*\*Metro Construction May Affect Metro Estimated Times\*\**
